

Brief Food and Growing group update - Admin meeting 28/9/21

Apple Press

The group met via zoom, 2/9/21, to make final decisions on how and when to make apple press available this year. And since then slight adjustments been made to its provision at NK to align with the Hall market restart.

Two of us in the group are wary of having it available at markets, however others in the group are happy to go ahead, so following has been decided :

- Duncan is taking hire bookings and reports these are few so far.
- Apple press to be available at Culbokie market 16 Oct 10-12, supervised by Lesley and Julie S.
- Apple press to be available at NK market 30 Oct 10-12.30, supervised by Peter and Marcia.
- Poster to go out in newsletter, website, and Facebook (if a Facebook person would like to do the necessary)
- We had a discussion about health and safety protocols, some of which are outlined on the poster. (But I'm thinking I might also put together a risk assessment proforma also for the supervisors, just as an awareness checklist in advance.)

Potato Event 2022

Initial meeting to begin thinking about next Spring's event booked for Thurs 28 Oct. on zoom.

GQT 2022

Will discuss in above meeting, not very sure how feasible this event will be.

Grow North 2022

Meeting in the pipeline to mull over possibilities !
