### About this event

We'd like to invite you to join our first Community Webinar – an online event for anyone with an interest in finding out more about the Inverness and Cromarty Firth Green Freeport (ICFGF).

The webinar will provide an opportunity for community members to hear directly from consortium partners on what Green Freeport status might mean, the opportunities it could bring to local communities and the next steps.

### At this event we will learn

- What a Green Freeport is;
- Who the partners are;
- What the aims and aspirations are for the Green Freeport;
- How the Green Freeport will help address climate change and deliver on local and national outcomes;
- What the potential opportunities and benefits are;
- What the next steps are for development; and
- How communities will be involved.

### How you can have your say and ask questions at the event

Understandably, you will have questions about this significant development and will want to know how you can put them forward. We are very keen to hear from you.

There will be an online Q&A function at the event where you will be able to post your question to the panel. You can also send in your question prior to the event by emailing: [info@greenfreeport.scot](mailto:info@greenfreeport.scot)

### How to join

The event is open to anyone.
