

Had a good apple harvest this year ?
Like to make some apple juice ?

***** Apple Press 2021 *****

In addition to the hiring of the apple press by individuals
(see website for details on that)
we plan to make the Apple Press available for general use
at 2 markets in October

Saturday 16 Oct 10am-12, at Culbokie market

Saturday 30 Oct 10am-12.30 at North Kessock market

(Both outside community hall)

Covid measures - we'll be mindful of social distancing and ensure greater distance for you between different elements of the process.

Bringing apples for pressing ? Please....

- * 2 people accompany apples (to do the work),**
- * apples for pressing to be washed beforehand**
- * ideally also chop apples at home - to speed process
(any discolouring won't affect juice taste)**
- * bring your own bottles (more than you think you'll need !
Usually more juice is produced than you think...)**
- * masks worn by everyone over 12**

*Please check TBI website in the week before the above sessions -
just in case of cancellation.*
