# **ABOUT US**

Scotland's Gardens Scheme opens gardens, mostly private, around Scotland to raise funds for charity through garden gate tickets, plant sales and refreshments.

Established in 1931 to raise funds to support the Queen's Nurses in Scotland, we have been opening hundreds of gardens to the public each year ever since. Please use this leaflet to discover secret gardens, hidden gems and urban retreats as we share a wonderful range of gardens: walled gardens and castle estates, cottage and community gardens, courtyards and gardens with a view.

We invite garden lovers everywhere to come and visit, to explore and enjoy our range of amazing gardens and the fascinating people behind them, for inspiration, tea and cake and probably the odd plant or two.

# WHERE THE MONEY GOES

Scotland's Gardens Scheme is a charity and our garden openings raise funds for over 250 other charities each year, as well as supporting Scotland's Gardens Scheme itself.

Our open gardens raise hundreds of thousands of pounds each year and support a wide range of causes chosen by the garden owners. We also have three core beneficiary charities, who we are proud to support:

Could you make a £5 donation to support our charity? scotlandsgardens.org/donate

# JOIN IN

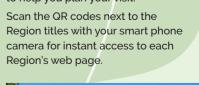

We have a small staff team but otherwise are entirely run by volunteers, with around 900 District Volunteers and Garden Owners who make it all happen.

Why not become part of our garden opening community?

- Join your local District Teams to organise and support garden open days in your area.
- Open your garden for charity if you love your garden, other people probably will too!
- Find out how to get involved here: scotlandsgardens.org/join-in/

# **FIND A GARDEN TO VISIT**

Find out about open gardens across Scotland. This leaflet includes basic information about all of our openings, with full, up-to-date information available on our website to help you plan your visit.
