

Armadale Nature Day

Explore the grounds with nature expert Dan Puplett.

Armadale Castle Wednesday 26 October

Morning session: foraging, botany and wild food.

Afternoon session: wildlife within the grounds & tracking skills.

Hone your observation and detective skills, build knowledge of wildlife and place and most importantly have fun! The gardens are home to an array of special creatures, come along & see what you can find.

Each session is 3-hours and costs £30, or sign up for the full day at £50 – excellent value! Maximum group size is 16 people, so early booking is advised.
