

Where on Earth are we going?

And what can we
do about it?

These are two of the questions that are at the heart of the **Be The Change Symposium**.

The symposium is a profound inquiry into a bold vision: *to bring forth an environmentally sustainable, spiritually fulfilling, and socially just human presence on the planet.*

If you are ready to explore what this vision means for you and your community, and to explore the opportunity to create a sustainable and just future, we invite you to attend.
